## Secretary's View

It is my honour to welcome you to RandhirSingh Bhadoriya Mahavidyalaya (RB College), Umred. Our aim here is to ensure that our students as well as our faculty members get a chance to showcase and enhance their potential here.

In the year 2010, this college was founded with the aim of providing skill based, job oriented courses to rural students which they otherwise do not have access to in their areas.

We follow the syllabus prescribed by RTMNU and work very hard to achieve good results in the same. Every year our college results stand topmost in the rural sector. Not just this, our staff undertakes several co-curricular activities in the form of camps and personality development seminars and workshops from me to me. Our staff undergoes training to keep up with the latest information on their subjects.

These efforts have paid off very well, as I now; more than 30 of our students have been placed in respectable organizations on posts like manager, assistant manager, senior clerk etc. 3 of them have even bagged government jobs. I congratulate my staff members and students for this commendable achievement.

My advice to all students who aspire towards wholesome personality development and a satisfying career is to join hands with us and help us pave the way for the life of their dreams.

## Joint Secretary's View

"Technical skills can get you the job, but soft skills determine your success" Working in line with this philosophy, we here at Randhirsingh Bhadoriya Mahavidyalaya, strives towards the holistic development of the students who have entrusted their future in our hands.

We have been working in the field of education since 1970 with the sole aim of making education accessible to the rural sections of society who are cut off from the kind of development that is happening in the urban parts of the country.

There was a me when simply an educational degree was sufficient to get and retain a job for a lifetime. But in today's me, technology is rapidly evolving on a daily basis. The technical skills you acquire today may be redundant tomorrow. Hence, to truly scale professional heights, one has to be a lifelong learner. For that purpose, critical thinking skills, social skills and communication skills play a vital role. Our aim is to empower our students towards these very objectives.

Lastly, I would like to say, in today's world, you can be anyone and anything you choose to be. Gone are the days when you needed a medical or an engineering degree to lead a respectable life. Belonging to one of the oldest educational societies in Umred, we here at RB College take our responsibility or building our students' lives extremely seriously and we wish to see each and every youth in our city carving their niche in the field of technological advancements. Come; join us in our endeavor to make our city and proud and flourishing one.

## Principal's Desk

With immense pleasure, I welcome you to the temple of learning. College has to be viewed as lighthouse of society. It is a reflection of society. We must agree the fundamental changes can come in the society through education only. Quality of education in Our College will determine the quality of our world tomorrow.

This year we introduce two new courses BBA and MCM to avail the best learning platform for rural students. Additional ADD-ON programs, personality development, interview Skill, stage daring, human Values and talk of experts are provided to make students skilled and employable. we Nurtured our student to tribute environment by running environment sustainability programs.

We have a road map to provide 360 degree Quality education along with multidimensional growth in line with new education policy 2020. I hold the responsibility of this college as a principal, I appeal to all the parents to co-operate and support me in leading the college to reach the pinnacle of all glory and success.
