No. institution

Very good teaching

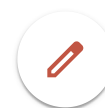

Good teacher , good teaching

The institute is good but please don't give tension of assignment and viva a few days before the exam all the focus goes to prepare the assignment instead of the exam and studies are not done well, If the assignment and other work is done one month before the exam, then we will be able to concentrate on studies properly. 😊 thank you 🙏

I have a very good job

1. Tests should be taken after each unit.
2. Teaching should be done using multimedia.

Teaching on a projector

- 1)to improve more computers for student
- 2)to improve college library
- 3college staff

What is taught should be properly explained. Otherwise, students get more confused.  
When students come with their problems, they should be solved in time or should be resolved as soon as possible.

College timing should be 11pm to 3.00pm

Use better graphics and visual media to engage students well.
